## AMERICANS REALISE IMPORTANCE OF HELPING BRITAIN EVEN AT RISK OF ENTERING THE WAR

### Vast Change In Public Opinion In The Past Four Months

ACCORDING TO THE NEW YORK TIMES, A GALLUP POLL FOR A PRELIMINARY VOTE ON THE QUESTION: DO YOU BELIEVE THAT THE GERMANS WANT TO MAKE SLAVES OF EUROPE AND TO CONTROL AMERICAN TRADE AND INDUSTRY, REVEAL THAT 80 PER CENT. OF AMERICANS ANSWERED "YES," STATES A LONDON MESSAGE.

When President Roosevelt went before the microphone yesterday to tell the United States of his new plans for aiding Britain against the Nazi menace, he knew that he had the sympathy of a great and growing majority of American people who recognised that their future is bound up with a British victory.

A Gallup poll showed that 60 per cent. of the people of the United States think it much more important for their country to help Great Britain even at the risk of entering the war themselves, than to keep out of war.

## ATTACK ON CONVOY IN ATLANTIC

### CASUALTIES ON BERWICK

LONDON, Dec. 29 (Reuter).—The Admiralty announced today that a British convoy in the North Atlantic was attacked by an enemy raider on Christmas Day.

One ship was hit. The escorting force engaged the enemy at long range and one shell from the British warship appeared to have hit the raider amidstships but the result is unknown.

H. M. S. Berwick (10,000 tons) sustained slight damage and five casualties, but she is remaining at sea.

While the escorting force was pursuing the raider they intercepted a German merchantman, the Barden, 8,000 tons. The German vessel on the approach of the British warship set herself on fire.

H. M. S. Berwick (Capt. R. N. Warren) was formerly on the China Station.

## DEATH PENALTY FOR SABOTAGE

ROME, Dec. 29 (Reuter).—Death is to be the penalty for large-scale acts of sabotage, hoarding and waste in Italy in future.

An official decree authorises capital punishment for "cornering" commodities against rice in prices and for destroying raw materials or agricultural or industrial products or their means of production, thereby damaging national economy.

In future the distribution and consumption of food supplies is to be controlled and the needs of the army to be met first.

## Roosevelt's Speech A Secret

WASHINGTON, Dec. 29 (Reuter).—President Roosevelt, like the master politician that he is, has given a public statement indicating the nature of the "firestorm" that he is going to give tonight to arouse excitement throughout the nation.

Nevertheless, journalists have not succeeded in prying out from the White House a single authentic detail about it.

At yesterday's Press conference Pres. Roosevelt astutely parried many questions all of which sought to break down the secrecy surrounding the talk.

All that the public knows is that it would be about aid for Britain and what the isolationists fear from that can be seen in the statement issued by them denouncing the letter from 170 educators and public men demanding that everything be done to defeat the Axis.

This new outburst by the isolationist group in Congress has made today's broadcast a point of major controversy in the foreign policy.

## VALONA RAIDED

The Royal Air Force made another raid on Valona yesterday, states a London message, when ships and other objectives were successfully bombed despite extremely bad weather.

All the bombs fell in the target area but the result could not be observed owing to heavy clouds.

All the British planes returned safely.

This represents a vast change in American opinion in the past four months, despite the fact that hitherto, the formula was "all aid short of war."

This shows that the feeling in America today is greater and increasing help for Great Britain.

IMMEDIATELY GIVEN  
An inter-Allied Committee for giving help to the democracies and which is composed of Protestants, Catholics and Jews, issued a declaration yesterday, that war supplies should be immediately given or lent to Britain in her fight against tyranny.

On Saturday night, one of the leaders of the American automobile industry, Mr. Ruyter, broadcast an appeal from Washington to send Britain more and more fighter planes immediately. The speaker was one of the originators of President Roosevelt's plan to pull resources of the automobile industry to produce 5,000 war planes a day.

"We mean to turn out enough planes to swamp the German air force," he said.

The United States Press continued to strongly support help for Britain. Two writers from the Scripps-Howard chain of newspapers, who have hitherto hesitated on this question, yesterday condemned any American who would appease the Axis.

## WILL ATTACK U.S.

Yesterday, the NEW YORK HERALD-TRIBUNE in a leading article says that the second World War has arrived and that Germany will attack the United States just as soon as it suits her. "Aid to Britain is a necessity which permits of no hesitation," says the newspaper.

In the same paper, the outstanding American commentator, Major Fielding Elliot, urges the formation of a national defence committee to co-operate U.S. defence.

Meanwhile President Roosevelt has been receiving thousands of telegrams from all over the United States, strongly supporting the policy of greater aid for Great Britain.

All this has raised apprehension in Berlin and Rome and reports received in London shows that growing concern of the Axis Powers over this American aid.

Axis newspapers have emphasised that the American proposal to deliver supplies and ships to Elre will be a violation of American neutrality.

## JAPAN WILL MOVE

Signor Gayda, writing in the GIORNALE D'ITALIA, states that Japan will immediately move under the terms of the Three-Power Pact if America delivers arms to Elre.

All these frantic warnings are regarded as an attempt to deter President Roosevelt from giving further help to Britain.

## THE NEW YEAR HOLIDAYS

The offices of the Hongkong Daily Press will be closed on New Year's Day, but will reopen as usual on Thursday. There will be no issue of the paper on Thursday, Jan. 2, 1941.

The next issue after the holidays will appear on Friday, Jan. 3, 1941.

Advertisers are kindly requested to send in their copy as early as possible tomorrow.

Contributors likewise are earnestly asked to co-operate by sending in their "copy" early tomorrow.

## Growing Signs Of Unrest In Rumania

Words found on a number of pamphlets which have been discovered in Rumania, according to a London message yesterday.

The pamphlets expressed growing faith in the Allied cause and assured the Rumanians that only by a British victory could their freedom be regained.

Another report states that there are growing signs of uneasiness in Rumania owing to the activities of the Iron Guards.

It was also stated from Bucharest yesterday that railway communication from Rumania and Hungary has been restricted suddenly.

It is suggested that this may be due to the report of German troop movements though the official explanation is that the railways are required for the transport of goods now that the Danube is frozen.

## NO SHORTAGE OF ALUMINIUM

NEW YORK, Dec. 29 (Reuter).—The recent report from Los Angeles to the effect that aircraft production is curtailed owing to the shortage of aluminium drew a retort from Mr. Stettinius, Defence Minister of industrial materials, that supplies of aluminium are ample for the needs of defence and added it is unfortunate that public anxiety over the national defence should be based on reports of non-existent shortages.

## VITAL SUBJECTS DISCUSSED BY VICHY CABINET AFTER HEARING REPORT FROM ADMIRAL DARLAN

### Bitter Anti-German Feeling In France

The Vichy Cabinet is reported to have adjourned on Saturday night without reaching a decision, states a London message. It will probably meet again today or on Tuesday.

Although the exact nature of the deliberations have not been disclosed, it is understood that the Cabinet discussed vital subjects after hearing a report from Admiral Darlan, the Vichy Minister of Marine on his recent visit to Paris. Admiral Darlan is said to have had discussions with high German personalities.

Another report says that the Germans suggested an alliance against Britain, but according to this report, Marshal Petain refused. The Germans are nevertheless still believed to be pressing their demand on Vichy.

Evidence that Gen. de Gaulle's appeal is likely to meet with a sympathetic response from the French public, is seen in an admission by the German-controlled Paris Radio of bitter anti-German feeling in France.

The announcement complains that when R.A.F. bombers made a raid, a young French woman exclaimed: "The English at last, God bless their bombs."

The Italians appear also to have some misgivings about the trend of opinion in France. An Italian broadcast states: "While Italy is engaged in a life and death struggle against the strongest Empire in the world, we cannot trust the French."

FIRM REFUSAL  
LONDON, Dec. 29 (Reuter).—The firm refusal of the Petain Government to hand over the French Fleet to Herr Hitler was the message which Admiral Darlan took to Hitler, according to the Free French News Agency.

Information reaching the Agency from which are described as the "best sources" is said to confirm that Marshal Petain, refused to consent to demands which infringe the armistice conditions which he believed he had "honorably" obtained from Hitler.

The Agency comments on the irony by which Darlan, whom the Germans relied upon second only to M. Laval on account of his supposedly anti-British sentiments, was the bearer of Petain's refusal to Herr Abetz, Hitler's ambassador in Paris.

The Agency interprets the present attitude of Vichy as follows: "France, being compelled to ask for an armistice, accepted the conditions which included neither the surrender of the Fleet nor the cession of strategic bases in the Mediterranean or North Africa."

## Position In Greece Is Different From Aspirations Of Italian High Command

IT IS TWO MONTHS TODAY SINCE ITALY WANTONLY INVAD-ED GREECE, but the position there is different today from the aspirations of the Italian High Command, states a London message.

Italian troops have already been pushed out of a large part of Albania by the valiant Greek Army and unconfirmed reports state that the latest Greek success is the capture of Liria.

According to this report, the Greeks outflanked this town after heavy fighting in snow.

Another Greek offensive has been launched to the north and north-west of Chimalra, according to an Athens report. Greek mountain patrols broke through the Italian defences and occupied important heights.

To the east of the central sector, a number of Italian prisoners were taken together with a rich haul of mountain guns and other materials. Reference to this success is contained in a brief Athens communique which says: "Pri-

KING IBN SAUD

## Plot Against Life Of King Ibn Saud

Two people have been sentenced to death and four others to terms of imprisonment as the result of the discovery of a plot against the life of King Ibn Saud of Arabia, states a London message.

Before the discovery of the plot was announced the Italians had been trying to make out that Britain had been inciting this attempt against the King which is ridiculous since Arabia is a close and strong friend of Britain.

## IMPORTANT JAPANESE ADMISSION

CHUNGKING, Dec. 29 (Reuter).—In a leader dealing with the recent statement made by Colonel Matsui, Chief of the Japanese Army Press Section, to the effect that the early collapse of the Chungking Government is not likely and that the Tripartite Alliance ultimately favours Chungking, the official CENTRAL DAILY NEWS sees an important admission of the Japanese position.

The daily declares such a frank statement on the part of a Japanese Army spokesman can only be aimed at preparing the Japanese public for the failure of the Japanese adventure in China, urging them at the same time to support the further increase in armaments for a final effort to conquer China.

## FRENCH TROOPS DRIVE BACK THAI FORCES

TOKYO, Dec. 29 (Reuter).—French troops drove back Thai forces which were alleged to have crossed the border in southern Cambodia.

The Thai troops abandoned the place and 15 men were killed, according to a semi-official Japanese report from Hanoi.

On Boxing Day, French authorities revealed that French and Thai aircraft carried out "pamphlet" raids over Pakse and Dakkhon respectively.

## UNLUCKY 13!

Thirteen Japanese air experts were killed when a new aeroplane which was undergoing test flights, crashed near Tokyo, states a London message.

## Today's News Summary

THERE HAS BEEN A VAST CHANGE in public opinion in the United States in the past four months and the Americans are realising that their future is bound up with a British victory and that it is more important to give help even at the risk of entering the war. President Roosevelt's message today is awaited with much eagerness.

WITHOUT REACHING A DECISION, the Vichy Cabinet adjourned its session on Saturday at which it is reported vital subjects were discussed after hearing a report from Admiral Darlan, Minister of Marine. Sympathetic response from the people in France is expected to General de Gaulle's message.

REVOLT AGAINST ITALIANS IN ABYSSINIA is growing. Rebel leaders who have arrived in Kenya to see about getting further assistance tell of attacks on Italian convoys and outposts.

H.M.S. BERWICK, 10,000-TON CRUISER, formerly on the China Station, sustained slight damage when a British convoy was attacked by an enemy raider in the North Atlantic on Christmas Day. The Berwick is remaining at sea.

PREPARATIONS FOR THE FINAL ASSAULT on Bardia are being made. British mechanised units are cleaning up enemy concentrations east and south of the port. The defenders are resisting despite the apparently hopeless position.

## SING TAO NET FOUR AGAINST K. WAH

### Lee Kwok-kee Gives Fine Display In Goal

Displaying a superior knowledge of the game and better teamwork, SING TAO defeated KWONG WAH by four clear goals in the Senior Division of the League on the Club ground yesterday.

Always against great odds the losers never gave up fighting but found the winners' defence just that bit too strong to penetrate. Hau Yung-sang and Lee Tin-sang being rocklike defenders.

Soong Ling-sing was very prominent in the pivotal berth and, besides having a tight hold on Kwong Wah's inside trio, constantly supplied his forwards with nice passes.

There was complete cohesion among the forwards but Yeung Yick was the weak link in the line. Lai Shiu-wing and Fung King-cheung were in top form and gave Kwong Wah's defence a harassing time.

Kwong Wah, on the whole, played as good a game as could be expected, and on the run of play, deserved a goal or two. Their forwards, however, were not very accurate in their shooting and Cheung Wing-choi easily dealt with the shots that came his way.

#### HALVES WEAK

The halves were weak. Chung Kim-fai finding Lai a hard man to mark. This threw a lot of work on Leung Pak-wai and Chung Fai-lam who defended stoutly. Lee Kwok-kee was in wonderful form between the sticks, bringing off many good saves, especially in the second half, when Kwong Wah were hard pressed.

For the first 15 minutes, exchanges were fairly even with neither goalkeeper being seriously tested. Initiating a movement on the right, Fung sent Tang down the wing and from the latter's centre LAI SHIU-WING opened the scoring.

Taking up the attack Kwong Wah had bad luck when Chin Chiu-fun struck the upright with Cheung out of goal. Ten minutes later Sing Tao increased their score through TANG KWONG-SUM who cut in to beat Lee with a cross shot.

#### HELD THEIR OWN

Up till then Kwong Wah held their own against their stronger opponents but after "lemon time" Sing Tao exerted their superiority and were more on the offensive.

## SATURDAY'S SOCCER:

### EASTERN, S. CHINA TAKE FULL POINTS: CLUB BEAT SAINTS BY LONE GOAL

ALL SENIOR LEAGUE GAMES WENT AS EXPECTED AND BOTH THE LEADING TEAMS, EASTERN AND SOUTH CHINA, obtaining clear-cut victories over Royal Scots and Kowloon, respectively. Full points were also obtained by Middlesex and Club.

Giving a much superior display in the first half Eastern ran up a two-goal lead against Royal Scots at Sookunpoo but fell off in the second half and had to fight hard to remain at the top of the table, there being no score in the second half.

Before the Scots had time to settle down Eastern at once got into their stride and with the game only a few minutes old C. T. Tsao, Ulrich, Eastman, Pereira, Silva, opened their account from a pass from Hyul. Continuing to play a pretty soccer Eastern always had the upper hand and Hyul, following a good movement on the right, put in the second.

After the interval the Scots improved a great deal and with Naysmith and Fraser putting up a stout defence their forwards were more in the picture but weak finishes on their part spoilt many chances. Hossack led the attack well but the wingers were weak.

ROYAL SCOTS—Bankier, Naysmith, Fraser, Munro, Falconer, Clark, Garrie, Gordon, Hossack, Cook and Marshall.

EASTERN—Lau Eln-hon; Kong Shing-king, Ng Kee-cheung; C. T. Tsao, Hsu King-sing, Lo Wai-kuen; Ching Yung-sum, Cheung Kam-hoi, V. K. Hyul, C. T. Tsao and Hau Ching-to.

POINTS FOR CHAMPIONS

Fielding a weakened eleven Kowloon proved no match for the champions, South China, and only the heroic defence put up by Lapsley, Lamb and Ulrich saved them from a heavier defeat than by three clear goals.

With a weak half line to deal with, the Chinese front men were given plenty of room to manoeuvre and Chan Tak-kee and Chow Man-chi were constantly supplied with beautiful passes by Lee Wai-long who was content to lay back.

After bringing off two wonderful saves, including a penalty from Lee Wai-long, Lapsley was finally beaten by a header from Chan Tak-fai. Just before the interval the lead was further increased by Lee Wai-long with a hard drive from short range. The third goal

was scored by Lee Wai-long from a penalty.

KOWLOON—Lapsley, Lamb, Ulrich, Eastman, Pereira, Silva, Truscott, Jackson, Wylie, Ellsley and Alves.

S. CHINA—Tam Kwan-kon; Tsang Chung-wan, Tse Kam-hung; Lau Hing-choi, Lam Tak-po, Lau Chung-sang; Lee Tak-kee, Chow Man-chi, Chan Tak-fai, Lee Wai-long and Lee Shek-yau.

A very even encounter was seen at Boundary Street when Middlesex beat Royal Navy by the odd goal in five. Both teams were strong in defence but the military eleven had a slight advantage in their attack.

Bright played a sterling game at centre-half while Jackson celebrated his return with a sound display between the sticks.

Before the interval goals by Bullen and Phipps saw the teams crossed over on level terms. After the breather "Diehards" took the lead through Saw and Pearson while Phipps reduced the deficit.

MIDDLESEX—Jackson, Parker, Sheehin, Thomas, Bright, Wilkinson, Comer, Pearson, Bullen, Saw and Thomas.

NAVY—Robinson, Roughley, Britt, Honeywell, Croft, Barber, Phipps, Le Page, Hendy, Shepherd and Hawking.

SCRAPPY GAME

A lone goal scored by Fowler in the first half gave Club full points when they met St. Joseph's at the Valley. (The game was scrappy with neither side showing much combination.)

Smyth Tsang gave a brilliant display at goal saving the Saints from a heavier defeat. On the whole Club had more of the ex-

## QUADRANGULAR RUGBY TOURNAMENT

#### R.N. DEFEAT ARMY

Royal Navy won the Quadrangular Rugby Tournament on Saturday in defeating Army by a goal and two tries (11 points) to nil, after leading at the interval by six points.

Navy have yet one game to play against Police next Saturday, but they have already won the Tournament regardless of the result of that game.

Navy's success was well deserved and due to excellent teamwork. The first try came after 20 minutes of play, Paul fielding the ball a yard from touch and evading four defenders to score. King took the kick but was charged down by Ford.

Five minutes later Bowden broke through with the ball at his feet and Paul, following up, handed off Pickett and raced over in the corner for a try. King failed with a difficult kick and there was no further score till the interval.

Navy's remaining points came very near the end of the game when Honeywell took a pass from O'Riordan at top speed and went clean through the centre to score close in for Paul to add the goal points.

THE TEAMS WERE: NAVY:—Morahan; McGill, Honeywell, Paul and Bowden; O'Riordan and Rutherford; Manfield, Watson (Capt.), Winter; King, Stockham; Longmuir, Beattie and Poole.

A.R.M.Y.:—Pickett; Richards, Cormes, Douglas and Macdonald; Hook (Capt.) and Wedderburn; Sutherland, Ford, Bompas; Millar, Berry; Duke, Pinkerton and Gillman.

POLICE DEFEATED

Immediately after, Godfrey scored another try for Club and Rose added further points for Police by scoring a second penalty goal. Stewart and Thomson scored further tries for Club, Burford converting from the latter's effort.

THE TEAMS WERE: CLUB:—Thompson; Bosanquet, Morgan, D. Hynes and Stewart; Charter and Thomson; Macrae, Burford, Heaman; Walkden, Needham; Godfrey, Taylor (Capt.) and Kennedy.

POLICE:—Cullinan (Capt.); Reynolds; Howlett, Innes and Dingdale; Jackson and Morrison; Rose, Lewis, Beattie, Jenner, Oakley, Wright-Nooch, Hogarth and Backett.

## LEI YUK-FUNG WINS OPEN 10,000 METRES AT S.C.A.A. MEET

THE ANNUAL ATHLETIC MEETING OF THE SOUTH CHINA ATHLETIC ASSOCIATION was held yesterday at Canaan Field when some keen competition was seen though times and distances in general were very much on the poor side.

A feature of the meet was the race set by Lei Yuk-fung in the Open 10,000 metres race when he beat Lewis, of Royal Corps of Signals, in 38 mins. 7 secs., returning the fastest time for the distance locally in two years.

The South China A. A. club events saw the appearance for the first time in the competition of a number of inter-school athletes, among them Sin Kwok-bun, still at King's College, who took second place in all three sprint events.

Another athlete who did well was Chu Fook-sing, second in the pole vault, long jump, discus and javelin throws and third in the high hurdles. Wong Ki-lim, another former King's College inter-school representative, took first place in the long jump and triple jump. Fong Chi-hung, of Wah Yan, was first in the pole vault and second in the long jump.

The prizes were given away by Mr. Fok Po-choi, Director of South China Athletic Association, at the conclusion of the meet.

## MATSUOKA'S HONEYED WORDS: DEEP SYMPATHY WITH FRANCE

TOKYO, Dec. 29 (Reuter).—Mr. Yosuke Matsuoka, the Japanese Foreign Minister, yesterday voiced deep sympathy for "the difficult position of France" and disclaimed any desire to take advantage of it during the impending economic negotiations in Tokyo with the Indo-China trade delegation.

Mr. Matsuoka was addressing a gathering at a luncheon given in honour of the visiting French delegates at his official residence.

The Foreign Minister promised that Japan's request would not be difficult to comply with but cited the present needs of the Japanese nation for closer co-operation with Indo-China.

### JAPAN'S PRINCIPLES

Mr. Matsuoka declared: "It is put in the Japanese character to take advantage of the weakness of others to achieve one's ambitions."

"Japan is more apt to make strong demands when France is strong; however, in view of France's weakened state, Japan will not make unreasonable proposals."

### JAPAN'S AIMS

Stating that "Japan aimed at the co-existence and co-prosperity of all mankind" he expressed the hope that Indo-China would co-operate with Japan through "just and close relations, contributing thereby to East Asia's stability and prosperity."

Japan, Mr. Matsuoka said, was confronted with "inescapable requirements" which should be considered.

The luncheon was attended by M. René Robin, former Governor-General of Indo-China, and chief of the special delegation from Vichy; M. Charles Arsene Henry, French Ambassador to Japan and president of the mission; M. Jean Cousin, Director-General of Finance of Indo-China; M. Louis Marty, Director of the Economic Bureau of Indo-China; six other French delegates; Mr. Toshio Saito, adviser to Mr. Matsuoka and former Japanese Ambassador to Italy; Mr. Chūichi Ohashi, Vice-Minister for Foreign Affairs; Mr. Hajime Matsumiya, chief of the recent Japanese mission to Indo-China, and other officials of the Japanese Foreign Office.

## R.A.F. DESTROYED 31 ITALIAN PLANES IN ONE WEEK

LONDON, Dec. 29 (Reuter).—During the week ending December 25 the R.A.F. destroyed 31 Italian planes, not including planes destroyed on the ground.

Ten were lost in Greece and 21 in the Western Desert.

The R.A.F. lost only seven machines on all fronts in the same period.

The grand total of Italian aircraft destroyed is now 416, as against 75 lost by the R.A.F.

## PRINCE PAUL TOURS ALBANIAN FRONT

LONDON, Dec. 29 (Reuter).—Prince Paul of Greece received an enthusiastic reception yesterday when he visited Greek troops on the Albanian front.

He inspected military hospitals and met a Greek column on the march.

When offered a captured Italian revolver by a Greek N.C.O., Prince Paul told him to "keep it as a memento."

The N.C.O. replied: "Keep it, Your Highness, I'm sure to get another."

Prince Paul, according to an Italian radio file recently, had been arrested because he favoured acceptance of the Italian demands.

## GESTAPO IN ITALY

LONDON, Dec. 29 (Reuter).—Fear of the Gestapo has cast gloom over social events in Italy, according to a neutral traveller who has just left that country.

The usually lively cafes are now dreary places with the hubbub of animated conversation no longer heard.

There is no coffee and sugar is scarce, though there is plenty of spaghetti, owing to inability to export it through the British blockade.

Ma's are censored, while railway passenger traffic is 50 per cent. less than before the war.

The traveller added that few private motor-cars are seen in the streets.

## EIRE PROMISED AXIS SUPPORT

LONDON, Dec. 29 (Reuter).—While the German press has warned the United States not to send ships to Eire, Italy has assured Eire that it should be "forced to defend herself against British tyranny and aggression" she will receive full support from the Axis.

Rome wireless on Friday night described Mr. de Valera's Christmas message as putting "the present situation between Britain and Eire in a proper light."

Commenting on Mr. de Valera's reference to the possibility of a crisis which might throw his people into a struggle for their liberty, the announcer added that these words were uttered "by the leader of a small neutral State whose only crime against the British people appears to be the possession of certain geographical advantages which would suit the British Admiralty in their fight against the Axis powers."

The announcer declared that should Eire be forced to defend herself against Britain "they will have at their command the full and whole-hearted support of the Axis powers."

## CIVIC FUNERAL FOR NAZI BOMB VICTIMS

LONDON, Dec. 29 (Reuter).—An impressive civic funeral was given in Manchester yesterday for 72 of the city's inhabitants killed in the Nazi air raid earlier in the week.

The long line of coffins was draped with Union Jacks, and the service was attended by the Lord Mayor, civil dignitaries and prominent representatives of all religious bodies.

The Bishop of Manchester delivered an address at the grave side and the Requiem was led by the Bishop of Salford. Buglers then sounded the Last Post.

## SINO ENVOY TO SPAIN DISAPPEARED

MANILA, Dec. 29 (Reuter).—Mr. Ling Ho-wang, former Chinese Consul-General in the Philippines, disappeared on Friday morning on board the "President Pierce" while en route to Manila from Hongkong, according to the Manila customs authorities.

The ship's officers said on arrival in Manila that Mr. Ling attended a movie on board on Friday night and was last seen at four o'clock yesterday morning strolling on the deck.

Mr. Ling became Minister to Spain after leaving the Philippines. He was well-known in Manila, where he was going on business.

## NAZIS STILL PREPARING FOR INVASION: HITLER'S LAST HOPE

Nothing that is known of German preparations in Northern France justifies the belief that they have abandoned the intention of striking at us by air, said the London Times yesterday, and they will attempt an invasion if the gamble seems worth it.

The Fuehrer's visit to the Channel ports and his delicious speech to his bodyguard — "I don't know what your fate will be but so long as I have the honour to lead the fight at the head of the Reich it shall be an honour to you to bear my name and stand at the head of this battle—do not suggest abandonment of the great design."

The News Chronicle says that signs that Hitler will shortly attempt an invasion have multiplied over Christmas, and men well qualified to speak believe these signs are not merely a bluff to divert attention from the Balkans but a signal that the great assault is about to begin.

Both evidence and legitimate deductions accumulate in favour of those who believe in the imminence of an invasion.

The Navy and Air Force have been pounding the Channel ports more severely than at any time since mid-September.

### WE ARE READY

Hitler has spent Christmas touring one of the areas whence an invading force would start and has been addressing troops and armmen with an impudent disregard of all he had said to them before.

We have gone less talking but we have acted and our precautions are taken.

The Army is ready to toss back into the sea whatever enemy units may escape the vigilance of the Navy.

### RUIN ON HIS HEAD

The Air Force is ready to again fight and win a battle as decisive as that which it fought in September.

But whatever the truth may be as regards the time and place of invasion it is certain Hitler cannot afford a long war.

Soon he must take a decisive step that will assuredly bring ruin on his head.

## INDIAN STATEMENT

LONDON, Dec. 29 (Reuter).—The President of the Indian National Liberal Federation declared in Calcutta yesterday that "this war is as much ours as Britain's."

He said they should not allow domestic quarrels to interfere with the effort to win the war against the enemy of all mankind.

He appealed for a statement promising Dominion status to India within two years, and added: "India needs Dominion status or the Westminster variety."

## EURASIANS AND THE COLOUR-BAR

The colour-bar provided Eurasians with innumerable hurdles which existed even to-day, said Mr. G. E. N. Oehlers in the course of a broadcast talk on the Singapore Eurasian community, says the Malaya Tribune.

After describing the early history of Malaya, Mr. Oehlers said that throughout his brief history, the Eurasian had found himself up against a certain amount of prejudice.

In India, in the early 19th century, the East India Company definitely refused to acknowledge that the Eurasian was anything but a negligible quantity, with no rights of citizenship.

In 1825, and again in 1831, petitions were sent to the British Parliament by leading members of the community. As a result of these petitions, an Act of Parliament in 1831 made others, besides the convicted servants of the Company, eligible for appointments as Justices of the Peace. And in the Government of India Act of 1833 we find this clause:—

"No native of the said territories, nor any natural-born subject of His Majesty, resident therein, shall by reason of birth, descent, colour or any of them, be disabled from holding any place, office or employment under the said Company."

Thus it was that the first Eurasians who came to Singapore from India, whether in the service of Sir Stamford Raffles or otherwise, were perhaps emancipated from what were termed "inferior regulations" of the East India Company.

### COLOUR-BAR

True, the colour-bar continued to provide Eurasians with innumerable hurdles which exist even today.

Only recently the Archbishop of Canterbury and York and Messrs. Westcott and Boggs representatives of different religious bodies, referring to the decision Press.

## CANADIAN PILOT HERO

LONDON, Dec. 29 (Reuter).—A Canadian pilot is one of the heroes of the fighting round Bardia.

Yesterday he saw three Italian motor vehicles "dashing" out of Bardia.

He swooped, to the attack, riding the first car with machine-gun bullets. It crashed and the second car plied into it.

The third car received a burst of machine-gun fire and also crashed.

## ITALIAN OIL PROBLEM ACUTE

LONDON, Dec. 29 (Reuter).—That Italy's oil problem is already acute was the assertion made yesterday by the "Red Star," organ of the Soviet Army, in Moscow.

None of the belligerents, said the journal, are big producers of oil and all have the same problem of obtaining this vital supply.

Britain depends on transport. Her tanker losses have been more than made up, and she is able to get supplies.

Germany manufactures synthetic oil and captured supplies in occupied territory.

Italy's position is already difficult and the problem of getting oil to her forces in Africa is almost insoluble, owing to the British Navy.

Italy obtains most of her oil from Rumania and her position is exceedingly acute.

Oil is one of the targets of bombing, says the "Red Star," and the R.A.F. has been constantly attacking German refineries.

If the war spreads the problem of obtaining oil will become more acute for the Axis.

6th camp—From Fri., Feb. 14, p.m. to Fri., Feb. 21, p.m.—Corps Artillery, 2nd Battery, 3rd Battery No. 6 Company.

7th camp—From Thurs., Feb. 27, p.m. to Thurs., Mar. 6 p.m.—Field Company, Engineers, Corps Signals, Mobile Column, No. 2 Company, No. 3 Company.

8th Camp—From Fri., Mar. 7, p.m. to Fri., Mar. 14, p.m.—No. 1 Company, No. 4 Company, No. 5 Company, No. 7 Company.

Army Service Corps Company (Transport and Supply Sections) and Field Ambulance—one week as detailed over the whole period.

Pay Section—As detailed by O.C. Pay Section.

Each camp lasts seven days and officers and volunteers are required to attend for the full period during which their units are under training unless special exemption has been obtained by themselves or their employers.

The very active co-operation of employers is requested so that each officer and volunteer may do his full time in camp, even if it means other employees doing extra work for that period. In this connection it is pointed out that telephones are installed in each camp site for the use of volunteers and it is preferable that a man be granted two or three hours leave from camp to attend any special business rather than he be exempted for several full days on the chance of his being required.

In special cases where exemption from a portion of the full period is sought employers should always request leave for the employees in writing from the Commandant, Hongkong Volunteer Defence Corps, Volunteer Headquarters, Garden Road.

Employers are requested to make early applications for leave and not as has happened in many cases during the autumn camp, 1940, apply at the last moment.

H.E. Air Chief Marshal Sir Robert Brooke-Popham was a guest at Fanling Lodge during the week-end.

Funeral barges will leave the Shaukiwan Farewell Pavilion at 8.15 a.m., Wanchai Farewell Pavilion at 9.30 a.m., and the West Point Farewell at 9 a.m. daily, respectively, and will be requested to the different pavilions between 1 p.m. and 5 p.m. daily.

## NEGOTIATIONS FOR RICE SUPPLIES PROCEEDING

It was officially learned that the negotiations between the Governments of Hongkong and Thailand for regular monthly supplies of rice for the Colony are still going on, and that the Government fixed prices will be lowered if conditions are favourable in the near future.

For the present, when the old crops are fast decreasing and supplies from the new crops are pending, the Government has released certain deteriorating re-served stocks to retailers it was also learned.

## RICE MOVEMENT PROHIBITED

It is notified in the Government Gazette that the movement of rice to the New Territories from Hongkong or from Kowloon or New Kowloon except by licence by the Controller of Trade, Mr. E.W. Hamilton, or under the hand of an officer of his department, is prohibited.

## NO H.K. CENSUS NEXT YEAR

It had been learned authoritatively that no census of the population of Hongkong will be taken in 1941.

Though this is contrary to custom Hongkong is no exception as it is intended that no census will be taken in any of the British Colonies next year.

No census will be taken until after the war, a modified plan of ascertaining the population in the Colony having been dropped on advice from London.

## PETROL MAY BE RATIONED SOON

Unless the consumption of petrol show an appreciable reduction it will be rationed early next year, it was learned from an authoritative source.

If the recent additional 20-cent per gallon increase in the tax is taken by motorists as a warning to reduce the use of gasoline, then there is every possibility that rationing will not be enforced.

## NO AMNESTY

Current rumours to the effect that Government has under consideration the granting of amnesty to certain prisoners on the occasion of the centenary of Hongkong were officially denied.

The reports had it that an amnesty would be granted to certain life and long-term prisoners who have shown good behaviour while serving their terms, some of whom were to have their sentences reduced considerably and others cancelled.

The name of Cheng Kwok-yau, son of a Singapore millionaire who was sentenced to death but whose sentence was later commuted to life imprisonment for complicity in a murder, was included in the rumours.

Exploiting  
Victory

**EVER SINCE** the war in Greece and the campaign against the Italians in North Africa began to take a definite turn in favour of Britain and her ally, military experts and others well versed in the tactics of modern warfare have been apparently confounded by revolutionary methods which the victorious armies have been adopting. The strategy of consolidating occupied positions before proceeding on to the next objective appears to have been completely over-ruled by the adoption of relentless pursuit of the enemy in both war theatres in the Mediterranean zone. In the Italo-Greek hostilities, the Greeks, having driven the Italian invaders from their soil, have continued to follow them across the Albanian frontier and well into Albanian territory, where, despite bad weather caused by snowfalls and winter blasts, the retreating Italians have been given no respite. This continual harrying of the enemy has met with a series of valuable successes and the Greek army, with the assistance they have been receiving from the British air force, can now be said to have gained the complete mastery of the situation as a result of tactics which have prevented the Italians from either attempting to reinforce their weakening resistance or from trying to consolidate their defence lines in order to resist the advancing Greeks.

**IN THE NORTH AFRICAN** campaign much the same strategy has been followed. After the capture of Sidi Barrani, military correspondents warned against expecting events to move quickly and declared that the pace would naturally have to be slowed down to enable the British forces to take stock of their position before continuing the offensive they had begun. Contrary to these forecasts, the Army of the Nile has lost no time in following up their initial attack with a success that has been truly amazing. Despite the fact that the Italians have a larger force in Libya than the British, their rout is still continuing and they have been driven from one line of their defence posts to another with a persistence and courage that has evoked admiration all over the world for its very daring and splendid organisation. The Italians are now being chased across Libyan soil and confusion prevails among their military leaders as to the means of stemming the British advance, in which the Royal Air Force and the British Navy have played such an important part. The effect of these tactics in Albania and the Western Desert on the morale of the entire Italian fighting forces can well be imagined, and the value of this on future operations in these two

Beggar Dies  
Sleeping In  
CoffinSHANGHAI'S COLD  
WEATHER TOLL

Characteristic of the plight of the poor in Shanghai under present war conditions is the death of an elderly Chinese beggar who was found dead in a coffin when he had retired for the night to escape the cold, according to the Shun Pao, reports the North China Daily News.

On the previous evening the man laid himself down to sleep in one of the many coffins owned by a charitable organization on Route de Ningpo. On Dec. 20 the coolies of the organization, who had come to remove the coffin, found the corpse of the beggar in it.

**HOMELESS THOUSANDS**  
Not a single day passes, since the arrival of the cold weather, without inflicting death, either through starvation or cold, upon the city's thousands of homeless beggars who have been forced to sleep out in the streets or in alleyways.

Fate, high cost of living and general unemployment seem to have conspired against these unfortunate people, many of whom probably were farmers once but who are now destitute, homeless and without friends or relatives, the paper said.

War has claimed a heavy toll on human lives in China, but many more are perishing through abnormal conditions in this big city of Shanghai.

HENNESSY ROAD  
MISHAP

As private car No. 309 was being driven along Hennessy Road, in an east-to-west direction, at 11.55 p.m. last night, a Chinese woman ran across the road near Percival Street and was knocked down.

She was conveyed to the Police Station in the car, suffering from slight injuries.

theatres of war will prove most significant.

**THIS NEW STRATEGY** has been described as exploiting victory by pursuit. Its object is to bring about the complete defeat of the enemy so as to render him impotent in the progress of the war. As a well-known military correspondent pointed out in a broadcast recently, the risks attendant on these tactics are many—chief among them being the lengthening of lines of communication and the difficulties of keeping the transport of supplies in pace with the advancing troops. Only perfect planning and staff work can avoid the risks of exploiting victory in this manner, and both the Greeks and the British forces in North Africa appear to have accomplished this important part of their campaigns.

The motive behind these new tactics is to complete the campaigns so thoroughly that the theatres of war can be regarded as closed and the men and material used for them be made available to other zones where hostilities are being continued or where operations are likely to become necessary. This does not mean that the Greek and North African campaign can now be considered ended. It will probably take as much as six or seven months more to put finish to the operations now going on, but what it might do even before that time limit expires is to release units of the British Mediterranean Fleet, and squadrons of the Royal Air Force for service at home and in the Far East, where the danger of conflict still exists. Regarded in this light, apart from the devastating success which has been achieved, exploiting victory by pursuit has proved of inestimable value to the future conduct of the war.

## J. P. ROBBED

CASHIER GAOLED FOR  
\$87,658 FRAUD

Ong See Keng, till recently the chief cashier in the shipping department of Boustead & Co., was sentenced to 18 months' imprisonment by Mr. Justice Fiddow at the Singapore Assize Court on three charges of falsification of accounts, involving misappropriations amounting to \$87,658.83. Mr. E. N. Griffith-Jones, Crown Counsel, said that the charges arose out of the admission of the accused who surrendered himself to the police on July 5. The accused told the Inspector at the Police Station that he was cashier and had misappropriated a sum of \$80,000 and had come to surrender

AMERICAN ADMIRAL URGES  
U.S. TO MOVE INTO ISLE  
OF MARTINIQUE EVEN IF  
IT MEANS COMBAT

**NEW YORK, Dec. 15.**—The situation involving the Vichy-controlled island of Martinique in the West Indies is one which the United States cannot afford to ignore. If left alone, it will grow steadily worse, writes Rear-Admiral Yates Stirling, Jr., in the Manila Bulletin.

In Martinique are the aircraft carrier Bearn, 100 American-built war-planes, and several French cruisers. We know that the French naval forces there are loyal to the Vichy government.

We know only too well that the army and navy leaders in that area, probably outlining a plan whereby the Martinique situation will be cleared up. As commander in chief of the army and navy, he is well within his rights to act in whatever manner he sees fit for the best interests of the defense of the United States.

## FIFTH COLUMN

There is undoubtedly a large fifth column of Germans in those islands. German pilots conceivably could be smuggled into Martinique to man those American-built planes, which, used as dive-bombers, could commit great havoc upon the Panama Canal.

Three fast tankers are said to have been in Martinique recently. These probably were German. Martinique is an ideal base for German submarines. They may be, even now, on their way to operate from there and might carry plane pilots from Germany.

## RIGHT NOW

The time for the United States to act is immediately—right now.

If the American navy should demand surrender of the French ships we must expect the French to fight. The fight might be only to the extent of saving the Frenchmen's honor. We have enough warships and airplanes, together with our marines, to take the islands.

We might find that, after a face-saving fight to ensure the safety of relatives in France from reprisals by Germany, the French would surrender their vessels to be interned in U.S. ports.

## SOCIAL CONDITIONS

Social conditions on Martinique, incidentally, are said to be in a bad fix. A little hunger might precipitate a revolt. Then America would have an unquestionable reason to intervene. We could not countenance a revolution there at a critical time like this. And, too, the French ships might attempt to escape in event of a revolution. Our navy certainly should not allow that to happen.

One possible course of action would be the imposition of an "attachment" on the islands of Guadeloupe and Martinique, covering the warships, planes, and \$200,000,000 in gold there, as surety for the French debt to the United States. That debt was considered more or less safe before France fell to Germany, but now it is lost unless we take action to preserve it.

The "attachment" proceeding could not be settled in any court. It would have to be honored through physical action by U.S. armed strength.

We should not allow either the planes or the gold to be taken away for war materials that would benefit not France but Germany.

## DEFINITE PLAN

We must prepare a definite plan for Martinique, even if it means combat. As a peaceful nation we are inclined to temporize, but we must face the facts as they really are.

President Roosevelt has completed his defense inspection trip, during which he consulted with

Millionaire  
Enters Gaol  
For Usury

**HOLLO CITY, Dec. 22.**—Charles Newton Hodges, American millionaire and oldtimer in Holló City, entered jail recently after the reading of the decision of the supreme court convicting him of usury.

Aside from serving one year, Hodges was also ordered to repay Lope Severino, the complainant, \$1,837 and a fine of \$400. This confirmed the decision of the Holló court of first instance.

## OLD CASE

This was an old case with Hodges exhausting all available legal remedies to reverse the decision of the Holló court of first instance. His petition for one-month grace to wind up his personal affairs was denied by the court. Judge Pio Fajardo of the Holló court of first instance declared that he lacked the jurisdiction to consider the petition.

Hodges' paymaster was closed. He was reported to have stated that after serving his term he would devote his time to real estate business in which he has had considerable success.

## SECOND TIME

This is the second time that Hodges enters prison, the first being in the time of former Governor General Leonard Wood when he was convicted for the same offense—usury. Before he completed his sentence he was pardoned by Governor Wood.

Hodges will be in the same jail with Carson Barney French, who shot his half-brother Jimmy French, foreman of the convicted American millionaire, in his hacienda in Pampanga, Philippines, for the prosecution and conviction of Carson.

Hodges arrived with the American expeditionary forces in the early days of occupation. After securing his discharge from the army he settled in Holló where he became one of its richest real-estate men. Before parting from his wife, he was heard as saying, "Some high government officials framed me but God will be merciful."

## GERMANS PRESSING VICHY GOVERNMENT TO CHANGE TERMS

"We do not know what the result of the struggle going on in Vichy will be, but what we do know is that the Germans are pressing the Vichy Government in order to make them change the terms of the armistice and that Marshal Petain is resisting more and more," said MR. CYRIL LAKIN, news commentator, when he broadcast from London yesterday.

## GEN. DE GAULLE'S STIRRING APPEAL

LONDON, Dec. 29 (Reuter).—While mystery still surrounds the Vichy Government's negotiations with Germany General de Gaulle, in a broadcast last night, made a strong appeal to the French leaders to redraw the sword.

"There is nothing to do but fight," he declared.

Announcing that 1,000 Free French soldiers and airmen had died for France since the Armistice was signed, he said: "If our Africa, our Syria and our Fleet were fighting for France now, the great battle of the Mediterranean would end at once in a giant French victory."

"We proclaim that wherever Frenchmen, ranks and opinions, will resume the struggle for France we shall be with them without delay and without conditions."

"We proclaim that all French leaders, whatever may have been their mistakes, who will draw once more the sword which they sheathed, will find us by their side excluding no one and with no thought of ambition."

Appealing to all French people to observe the "hour of hope" on Jan. 1 by remaining indoors for one sanctified hour, thus emptying the streets of towns and villages everywhere, Gen. de Gaulle said: "By this huge plebiscite of silence France will show the whole world that she sees the future only in freedom and greatness, only in independence and salvation, and only in victory."

## WHAT GERMAN RADIO HAS DISCOVERED!

The German radio has discovered that Britain is at her last gasp, states a London message.

The Deutsche Zellernde points out that the Government has appointed Sir Andrew Cunningham, Commander-in-Chief of the Mediterranean Fleet, to the post of Lord Commissioner of the Admiralty and Chief of Supplies and Transport, as a desperate experiment to protect British shipping from German attacks and that this confirms the fact England is powerless against the increasing German war effort.

Unfortunately for the German propagandists, it is Vice-Admiral John Cunningham that has been appointed to this post.

Sir Andrew is still chasing the remnants of the Italian Fleet in the Mediterranean.

## NAURU IS REPORT UNCONFIRMED IN TOKYO

TOKYO, Dec. 29 (Reuter).—The spokesman of the Navy Office said that he had received no confirmation of the Australian report that the enemy raider allegedly flew the Japanese flag and sailed under a Japanese name when it heavily shelled Nauru Island.

## BRITISH HUNT FOR COMMERCE RAIDERS

LONDON, Dec. 29 (Reuter).—Britain is making strenuous efforts to catch the German raiders in the South Pacific.

This is the conclusion drawn from an announcement by United States Navy headquarters in New York yesterday that all ships bound for Fiji ports must first call at Suva for orders from Jan. 1.

Shipping circles in New York consider that control of all vessels there would make it difficult for raiders to provision at small island ports.

It is believed the British and Dutch navies have mined certain areas in an attempt to trap the raiders.

## Bardia Fall Accepted As Inevitable

### FIGHTING IN ABYSSINIA

The fall of Bardia, the important Italian post in the Western Desert, which is now surrounded by British troops seems to be accepted as inevitable by the Fascist authorities, states a London message.

Signor Ansaldi, writing in the Telegrafo, says that Bardia is in no sense a bastion which Italian enthusiasm claimed it to be some days ago. He says that Italian soldiers are holding it because they are irritated by the British boasting after the capture of Sidi Barrani.

From a bastion, Signor Ansaldi reduces Bardia to a mere prop-and-stay. Meanwhile the counting of Italian prisoners goes on. Out of a total of 38,000 barely 25,000 are Italians.

The Italians have also hinted indirectly that fighting is going on between Italian troops and insurgents in Abyssinia.

### GREAT DELIGHT

A British official who has just returned from a tour of southern Arabia, states that the victory of the British troops in the Western Desert has caused a great delight among the coastal Arabs, who have learned to hate Mussolini and the Fascists. "Wherever I went," he said "I heard prayers for a British victory."

A message from Cairo says that while preparations for a final assault on Bardia are being made, British mechanised units are clearing enemy concentrations east and south of the port with the object of preventing reinforcements to the beleaguered garrison and to insure that none there will escape.

It is believed that the defenders are short of water supply, but are desperately resisting despite the apparent hopelessness of the position.

### GARRISON WEAKENING

The latest reports from Cairo state that the Italian garrison at Bardia is weakening under the continued shelling by British artillery and that this bombardment has met with little response from the Italians.

and that the whole of the resources of the United States will be mobilised to this end."

## HOW R.A.F. FIGHTS WEATHER, ENEMY

ATHENS, Dec. 29 (Reuter).—Spiralling towards 10,000 feet high mountain peaks with their plane out of control through ice, an R.A.F. crew, returning from a raid over Albania, decided to jump.

Then they found that the observer's parachute pack had been thrown out of reach by the motion of the machine. Both the pilot and the machine-gunner made the same decision—they would "stay put."

## GERMAN RAIDING BASES BOMBED

LONDON, Dec. 29 (Reuter).—The main targets of the R. A. F. bombers on Friday night as in yesterday's daylight raid, it is now made clear, were the bases in occupied France from which German attacks shipping in the Atlantic by air and sea.

Like the U-boat station at Lorient, the Fockewulf heavy bomber station at Merignac Aerodrome near Bordeaux had its second visit within 24 hours.

Last night it was raided by a larger force of bombers than on Friday night and these two successive attacks followed the severe raid of about a month ago when much damage was done to the aerodrome and bombers assembled there on which it was certain the enemy have been working to restore.

The raid involved a flight of 1,200 miles there and back, in weather far from favourable. Despite heavy clouds the pilots located their objective and gave the southern banger a bad shaking up.

A special commissariat has been set up in Italian East Africa to control the distribution of food, raw materials and supplies of all kinds to the Army and civil population, states a Rome dispatch to the German News Agency, according to Reuter.

For some seconds the seemingly doomed plane swooped blindly through the clouds. At 7,000 feet the machine shot out of the cloud layer, and the R.A.F. men found they were in a narrow valley between the mountain peaks.

The pilot righted the aircraft as best he could and landed in a tiny field that formed the only landing ground for miles.

This story—showing how the R.A.F. fights the weather as well as the enemy in operations out here—was related by a Canadian Flight Commander.

All those with experience of bad weather flying are amazed that R.A.F. units in Greece have not only continued but increased the number of bombing raids by fighter patrols and reconnaissance flights in the past few weeks.

### SMALL LOSSES

Equally remarkable are the small losses of British aircraft. Only four fighters have been lost—one pilot escaped by parachute—and bomber losses have been eight.

Against these figures the Italians had at least 50 aircraft definitely destroyed in Greece and Albania by the R.A.F. as well as 16 "probables" and many other unconfirmed losses.

Considerably more than 70 raids over enemy lines have been carried out since the arrival of the R.A.F.

## NEW NAZI "ULTIMATUM" TO VICHY ALLEGED

### ARMED CO-OPERATION UNLIKELY

LONDON, Dec. 29 (Reuter).—Yesterday's newspapers speculated on the possible outcome of alleged German demands of an "ultimatum" to the Vichy Government.

Some assert that Marshal Petain flatly refused the demands and he and his Government are prepared to move to North Africa if the Germans attempt to occupy the remainder of France, or insist that the French fleet be handed over to the Axis.

Hitherto there is no confirmation of these reports but most commentators agree that Marshal Petain will consent to economic cooperation with Germany but is unlikely to go further along the road of military collaboration.

Meanwhile, according to well-informed circles in Vichy, when Admiral Darlan went to Paris this week he took a message for Hitler from Marshal Petain concerning Franco-German cooperation.

### PROPOSALS DIVULGED

This is according to the Vichy correspondent of the Swiss newspaper Neue Zürcher Zeitung, who adds that the nature of the proposals has not been divulged.

The correspondent states Marshal Petain is considering the formation of an Inner Cabinet consisting of Pierre-Etienne Flandin, Admiral Darlan and General Huntzinger.

### NAZI METHOD

The German method of dealing with Vichy appears to alternate between blandishments and threats and at present it would appear they are resorting more to threats than to flattery, writes Reuter's Diplomatic correspondent.

There is no official confirmation here, however, that Germany had recently made any specific demand and what Germany hopes to gain by these threats is a matter for speculation.

It may be the Nazi leaders are disappointed that the French have recently shown no very great disposition to make further concessions or yield to requests or demands to which they feel Germany is not entitled under the armistice terms.

### FOODSTUFF SHORTAGE

It is pointed out here that German propaganda recently has taken a new line having at least merit for originality, namely, that the shortage of foodstuff supplies in France is due to a deliberate manoeuvre by the Vichy Government.

Germany has claimed that her own army in occupied France relies almost entirely on supplies from the Reich. It is known this is entirely opposed to the facts.

The Germans are undoubtedly exploiting France most thoroughly, not only "harging" the Vichy Government hundreds of millions sterling for the cost of the German army of occupation but also taking away to Germany enormous quantities of food supplies and other commodities which the French badly need.

## GERMAN TROOP MOVEMENTS

### Reports Discounted In London

LONDON, Dec. 29 (Reuter).—There is as yet no confirmation of reports of German troops in one direction or another, and extreme doubt is attached to them here.

Rumours of large troop movements in the direction of Rumania seem to have been started by the curtailment of railway traffic in Hungary—a curtailment which could have been caused by quite different causes.

There have been a considerable number of German troops in Rumania, but these do not seem to have been reinforced very much and it may well be that the numbers already there have been exaggerated.

Semi-official circles in London say that reports of German troop movements either in Rumania or through the Brenner Pass into Italy seem likely to prove part of the usual spreading of rumours by the Axis powers when there is nothing clear-cut about their next move.

The rumours may have been intended to give the impression that the Axis have turned their eyes away from Britain in order to make that country less alert.

## NEW ISSUE OF WAR SAVINGS BONDS

LONDON, Dec. 29 (Reuter).—A new issue of war savings bonds, designed to meet the desire of those who have wanted to subscribe to a longer period loan, was announced by Sir Kingsley Wood, Chancellor of the Exchequer, in a special broadcast on Friday night.

"Six months ago I came here to tell you that a new war loan was about to be launched," he said. "Recalling the great success during the last war of the plan of borrowing from day to day by national war bonds, I placed on sale 2½ per cent. National War Bonds, 1945-1947."

"In the 26 weeks which have now passed, I am glad to tell you we have raised in this manner no less than £429,000,000—a fine achievement."

### TWO TYPES

"I propose, therefore, to have on offer from day to day two types of security in which you can invest. I believe that one or the other of these will appeal to every type of investor."

"The sales of the present issue of 2½ per cent. national war bonds, 1945-1947, will cease on December 31."

"In their place, 2½ per cent. national war bonds, 1946-1948, will be available from January 2 until further notice. They will be issued at par and be repayable at par on August 15, 1948, or, if the Government give notice, on or after August 15, 1948."

"Side by side, there will be on sale from January 2 a new security called 3 per cent. savings bonds, 1955-1965. These also will be at par and will be repaid at par on August 15, 1965, or, if the Government give notice, on or after August 15, 1965."

### MEDIUM-TERM

"These securities will certainly appeal to everyone looking for a medium-term investment."

Sir Kingsley said that they would be issued at the Bank of England and West Scotland, in multiples of £50, with a minimum restriction of £100. Issues of both types for the smaller investor will be through the post office and trustees' savings banks, to which £25 or any multiple of £5 can be subscribed. These will be available to those who want, not more than £1,000 of each.

At the same time, there is still the long list of other securities available, meeting every need.

Several mysterious fires are reported to have broken out in Norway over the Christmas holidays. There is "no explanation."

## MR. LEONARD INGRAMS SAYS

## THE GERMANS WORKED TO TIME-TABLE THAT HAS NOW BEEN UPSET

"This total war means that the whole effort of the German population is engaged against us and we know too that we have to face them equally with the whole effort of our resources," said MR. LEONARD INGRAMS, well-known B.B.C. commentator, when he spoke in London yesterday.

Mr. Ingrams opened his talk by relating how the Nazi Party year after year celebrates what is known as Party Day, when the German people assemble to be paraded, saluted and cheered and to listen to their leaders address them.

### NAZI DREAMS

Mr. Ingrams compared this celebration to the work of a hypnotist who puts his patients into a trance and gives them instructions which they carry out without using their reason or knowing what they are doing.

The result that a man walked about like a sleepwalker, with his eyes wide open and yet not seeing the realities of the landscape about him. He only saw the landscape of his dreams, dreams in which he walks along a path to where the German nation was supposed to rule the world.

In reality the path was narrower and the believing people of Germany who followed it were being led to a great precipitous cliff.

### PARTY DAYS

Mr. Ingrams went on to say how each year this Party Day had a special significance to the Germans. In 1934 it was the Party Day of Triumph, in 1935 it was the Party Day of Honour, in 1936 it was the Party Day of Freedom, in 1937 it was the Party Day of Work, in 1938 it was the Party Day of the Party itself.

In 1939 it was given out that it would be the Party Day of Peace, but it had to be called off because Herr Hitler was invading Poland when it was to have taken place. He had then not only met one opponent, but Britain and France had carried out their pledge, to fight Poland's cause.

"The Nazis gave out this year that the Party Day would be the Party Day of Victory," went on Mr. Ingrams. "But, for one reason or another, that one had to be put off too. And now the waiting world is wondering what Herr Hitler will put forward for the 1941 Party Day."

"Seeing that his dreams of the last two years have not come true, is it possible that he will wake up and see the reality of his situation and the dangerous direction of the path he is treading?"

### TIME-TABLE UPSET

Mr. Ingrams declared that from what had happened during this year it was obvious that the timetable of the German war machine had been upset.

"This time-table of the German war machine means that the whole population of Germany, men and women, were working to schedule to carry out a plan, which if it failed would fall for good and all."

## Concentrated Attack On Lorient Base

The German submarine base at LORIENT was the main objective of British bombers on Saturday night, states a London message.

Behind this brief announcement there is a story of one of the most concentrated and persistent attacks made by British bombers on a single target.

Only on Saturday night it was reported that for three days and nights, British bombers had been showering high explosives and incendiary bombs on this vital base from which the German submarines are sent to attack British shipping.

Considerable damage was done to harbour works, field depots and buildings yards.

"Other targets on the coast of enemy occupied France and the lower countries were also attacked, these including oil depots in ROTTERDAM, AMSTERDAM and BOULOGNE. Two British planes are missing."

In the last two days the R.A.F. have rained their attacks on the enemy coast from the Norwegian fjords to the Bay of Biscay. Three

After declaring now Herr Hitler had drawn up this plan basing it on hopes of a short war, Mr. Ingrams asked: "Can Germany adjust itself to a war of attrition? The answer is—She cannot."

"Herr Hitler must realise that this war will not be won with iron and steel alone, but with the light metals and oils which Europe is so badly in need of today. There are already signs of dislocation in that Tower of Babel, which is Herr Hitler's Europe today."

"This total war means that the whole effort of the German population is engaged against us and we too know that we have to face them equally with the whole effort of our resources."

## ITALIAN CR42 DOWNED IN FLAMES

### Military Stores In Assab Bombed

CAIRO, Dec. 29 (Reuter).—Fighter aircraft of a South African squadron intercepted two Italian aircraft of the CR42 type near Gedaref and shot one down in flames. It was stated yesterday.

A Rhodesian squadron bombed and machine-gunned Italian positions in the neighbourhood of Kassala.

Bombs fell in the target area but the full extent of damage and casualties is not known.

Recording these facts the communiqué also says: "Our bombers raided Assab, bombs straddling military stores and large transport yards."

There was little activity in the Western Desert on Friday. Reconnaissance flights were made and our fighters maintained active offensive patrols without engaging any Italian aircraft."

## EASTERN CULTURAL ASSCN.

CHUNGKING, Dec. 29 (Reuter).—An inaugural meeting of the Eastern Cultural Association is being held in Chungking today.

Among the moving spirits of the association is Mr. Yu Yu-jen, President of the Control Yuan and veteran leader of the Kuomintang.

The aim of the Association will be to foster closer cultural relations among eastern peoples through the exchange of publications and visits of cultural delegations.

In a leader on the subject, the influential Chinese daily TA-KUNGPAO declares that the name "Eastern Cultural Association" has been misused by the Japanese adding that while the Japanese organisation has existed for the purpose of facilitating Japan's aggression in East Asia, the new organisation formed in Chungking will exist for the purpose of upholding the independence and freedom of eastern peoples.

## CHINA'S DONATION APPRECIATED

LONDON, Dec. 29 (Reuter).—The Manchester Guardian, in an editorial on Dec. 27, said: "With the devastation and distress on our doorsteps our thoughts should go out more than ever to the war-racked populations of remote lands like China and Spain who were the first to endure the terrors of the new warfare."

"There was fine pathos about the gesture now reported from China of the collection of money for our raid distress by the Sino-British Cultural Association whose President has just handed to the British Ambassador nearly £2,000 as a contribution towards the relief of suffering in the United Kingdom caused by German air raids."

"China is one with us through suffering and we shall not forget."

Batsmen had the day also in the junior matches, though there were one or two good bowling performances. In the match between Diocesan Boys School and Civil Service C. C. Juniors at the Valley, J. Macauley took eight wickets for 29 runs and G. Stone (7 for 49).

## U.S. PLANES FOR BRITAIN SHOULD CROSS SEAS ON THEIR OWN POWER

The British appeals for more airplanes come to us every day more loudly and insistently, writes Major Alexander P. de Seversky, in the Manila Bulletin. Under these circumstances it is distressing that the vast majority of American airplanes sent across the Atlantic should be subjected to serious delays and even more serious hazards of destruction even before they can be put into line.

It is especially to be regretted because these hazards are technically unnecessary and plainly the result of official shortsightedness.

There happens to be no valid technical excuse for the failure to build airplanes capable of crossing the ocean with a full military load under their own power. A relatively minor variation in structure could readily equip for self-delivery every military plane, from bomber to pursuit, being built for England.

**AERIAL BLOCKADE**  
There is no call to underestimate the German aerial blockade of Britain. Co-ordinated with the Nazi submarine fleet, it has taken a serious toll of shipping.

Though the effects have thus far been sporadic, it is reasonable to expect an intensification of these blows as more of Germany's new four-engined long-range bombers are put into active service.

Every consignment of aircraft sent as sea freight must therefore run the gauntlet of the Nazi blockade.

**EXPOSED TO ENEMY.**  
That, however, is only the first of the dangerous hurdles. Having been disassembled and packed into boxes, the planes require complicated port facilities for discharge, and normally also call for assembly plants nearby. Throughout this process the helpless planes are under enemy fire.

With German air attacks on the Thames Estuary, Bristol, Liverpool and other ports almost continuous, the risks to which Britain's most valuable asset, its new aviation, is subjected are quite incalculable.

The so-called flying fortresses which this country has turned over to Britain go to their new destination on their own power. There is no good reason why every other plane should not do likewise.

**LACK OF VISION**  
The fact that they are incapable of the sustained flight is not to be checked up against the aviation industry and leadership, but against the lack of vision on the part of those responsible for military policies.

Why has this happened? Primarily because in all those countries the planning of war aircraft has been hampered by departmental jealousies and congested ideas at the top. Commercial aviation, particularly in the United States, has shown itself magnificently effective.

Both the Pacific and Atlantic "air oceans" are being plowed regularly by our clippers, carrying passengers and freight for distances far greater than from Canada to the British Isles. Unhampered by rigid traditions, with the constructive genius of American aviation brains and Yankee enterprise given the right of way, commercial flying has established proud records.

**NO FREEDOM**  
But military aviation unfortunately has had no such freedom of development.

Even in those countries, where air power is officially a separate and distinct organization, it was developed lopsidedly under dominance either of the army or of the

navy, whichever was the traditional "backbone" of the national defense.

In Great Britain, for example, the air force was developed on the pattern of the British navy, whereas in Germany it was primarily co-ordinated with the action of the infantry and mechanized forces.

**ANTIQUATED PROCEDURE**  
In every nation, including our own, as air power develops to a point where it can discharge with greater effectiveness certain duties which were the prerogatives of the elder services, the latter reconcile themselves to that fact grudgingly—often only after long and stubborn attempts to hold on to the old system. Every time military aviation stretched its wings, it was likely to be slapped down by officialdom.

The astonishing fact that aircraft still goes through the antiquated procedure of disassembly, packing, transportation by sea, then reassembly at its destination—though aeronautical science makes it practical to fly all types to England—is due primarily to the deep-rooted British reliance on sea power.

**ALL DELIVERIES BY AIR**

Due to the present critical, if not desperate, situation in England it is increasingly obvious that air power must be self-sustained and all deliveries must be made by air. For us in America that fact holds crucial lessons. If we are unable to deliver airplanes on their own power to Britain, how can we hope to do so in an emergency for the Philippines and other distant but vital American outposts?

Except for training craft, every tactical plane built, whether for our own use or for England, ought to be able to proceed under its own power to any part of the British Empire or our own possessions and bases.

## Passengers

The following passengers left Hongkong on Friday for Manila by the President Pierce:

Mr. Frederick Ellis, Rev. Father Serafin Enderitz, Mr. W. Hyde, Mrs. Angeles Silos, Mstr. Anthony J. Silos and Mr. Francisco Yaptinchay.

### DEPARTURES

The following were passengers on the S.S. President Coolidge which left the Colony on Saturday, Dec. 28:

Miss C. R. Ady, Mstr. R. M. Ady, Mr. N. F. Allman, Mrs. L. A. Beery, Mr. D. M. Biggar, Mstr. Mark N. Bernheim, Miss Esther R. Bernheim, Miss Ruth E. Bernheim, Mstr. John A. Bernheim, Miss Lois M. Bernheim, Mr. & Mrs. Karl Broch, Mr. A. Brodard, Mr. Paul Buerger, Miss Ina Case, Mr. J. C. Davies, Mr. A. G. Doyle, Mrs. F. C. Fornes, Mstr. Michael Fornes, Miss Barbara Fornes, Mr. Louis Gladstone, Mr. Miles A. Goldrick, Mrs. P. P. Hoffman, Miss Carol Hoffman, Miss Hilary Hoffman, Mr. Morris Jessen, Mr. E. E. Johnson, Mr. Walter J. Kelly, Mrs. G. H. Kosten, Mr. Andrew Kurucz, Dr. O. C. Lockhart, Mr. & Mrs. F. A. McClure, Miss Janet McClure, Mr. Dennis Francis McNeil, Very Rev. Mother Joseph (Rodgers), Rev. Sister James (Rodgers), Mrs. Anna Louise Strong, Mr. M. Udharam, Mrs. F. K. Van Etten, Mstr. U. A. Van Etten, Mstr. T. R. Van Etten, Mstr. D. L. Van Etten, Mstr. Lane Van Etten, Mr. R. E. Warn, Mrs. R. E. Warn, Mrs. G. D. Wilson, Miss Gilrene Wilson, Miss Patricia Wilson.

A solitary German plane flew at a great height over the Merseyside area yesterday afternoon.

Anti-aircraft defences opened fire and the raider disappeared.

### SIMPLE PROBLEM

Built-in or auxiliary fuel tankage for transportation is a simple problem, long ago solved and demonstrated in practice.

The least that the American defence programme must do is to take full advantage of aviation technique already available. It must plan ahead, take the lead, and reduce to practice any ideas, no matter how audacious they may appear, if they hold the promise of better equipment and, therefore, tactical superiority.

This I am convinced, can be achieved only when we have an independent air force that will give unrestricted latitude to American aeronautical creativeness.

In a friendly hockey match at King's Park yesterday morning Nomads defeated Central British Association by four goals to three after leading 1-0 at the interval.

Though both sides fielded several reserves in their respective line-ups, quite a high standard was reached and the game was evenly fought throughout.

B. Xavier (2), Mendonca and P. Bull scored for Nomads, while E. Fowler and F. Fowler replied for the losers.

## GOLF TITLE FOR GROVES

In the final of the Royal Hongkong Golf Club's Championship at Fanling yesterday, F. Groves beat Col. H. B. Rose by two and one after being two up at the 18th. The golf was of only moderate standard, but the match was interesting and exciting.

## Anglo-Chinese Export Credit Agreement Extended

LONDON, Dec. 27 (Central).—The Anglo-Chinese export credit guarantee agreement was extended today for another half-year for making available the unused balance of the credit for China's purchases. The extension was warmly received by the Chinese circles in London.

It is learned from well-informed Chinese circles here that regarding the section of the new British credit relative to the Chinese currency equalisation fund, necessary practical measures are being studied for preventing the Japanese from taking advantage of any situation which may affect the Chinese currency and also for safeguarding it from the injurious effects of speculation.

It is further believed that tri-cornered discussions are now taking place in Washington between Mr. T. V. Soong, Sir Frederick Phillips and the United States authorities with the view to co-ordinating joint Anglo-American measures for the support of the Chinese currency with their respective credits.

### STERLING AREA

Preliminary discussions regarding the details using the new British export credit are about to be initiated by the Chinese Ambassador, Dr. Quo Tai-chi, and the Vice-Minister of Finance, Dr. P. W. Kuo, with the object of investigating the methods and extent of each producing country concerned inside the sterling area which could best supply individually China's immediate and future material requirements.

Negotiations with each producing country involved are necessary for releasing materials to China. While awaiting details regarding China's requirements being sent from Chungking, the problem is being further studied in London.

## KNOCKED DOWN BY TRAM

## LONDON ANTI-AIRCRAFT GUNS ROAR FOR 2 HOURS

LONDON, Dec. 29 (Reuter).—After a three-day lull London on Friday night experienced one of the heaviest raids for some time; the attack began shortly after dark and was over before midnight.

An official Air Ministry and Ministry of Home Security communique says the raid on the capital lasted four hours. Many bombs were dropped and several fires caused which were quickly put out, many being extinguished while the raid was still in progress.

There were a number of killed and injured and many dwelling houses were destroyed.

Enemy planes also dropped bombs in East Anglia and South-East England and at one point on the South Coast.

SIDELIGHT on another and older war. Chinese munition workers pack supplies to help in the fight against the Japanese.

## Discussion Group See Films

A novel feature of the Y. M. C. A.'s Discussion Group programme last night was the presentation of a series of motion pictures taken by Mr. F. A. Kaufmann.

The pictures shown were a varied selection. There were three "Charlie Chaplins" taken some 20 years ago. Another reel depicted London before the war, but the most interesting of all was the one recording local sporting events.

Completing the pot-pourri was a series of still coloured photographs of scenes from "Twelfth Night," projected in natural colour as rendered by the Dufaycolour process. The presentation was made possible through the kindness of Lt.-Cmdr. J. C. M. Grenham who placed his projector at the disposal of the Group, and of S/Sgt. Jimmie James, R. A. F. C., whose colour transparencies were the last word in pictorial reproduction.

## INVASION PORTS HEAVILY RAIDED

LONDON, Dec. 29 (Reuter).—The R. A. F. raids on the German invasion ports were continued last night, watchers from the British coast estimating that at one time bombs were falling at the rate of 100 per minute.

Many hundreds of heavy high calibre explosive bombs were rained on these Nazi invasion ports and on the long-range gun positions. The attacks were delivered by wave after wave of bombers and covered the whole from Calais to Boulogne.

Soon after the first avalanche of bombs fell a big fire broke out on the French cliffs near the big gun emplacements near Cap Gris Nez, burning so brightly that the glare could be seen by the thousands of watchers on the British coast.

### HOSPITAL DAMAGED

A hospital with 700 patients was damaged when two bombs dropped nearby but there were no casualties.

As the air raid on London developed it had the features of the worst blitz.

The crash of gunfire, flashes of bursting shells, the light of flares and the dropping bombs produced an awe-inspiring spectacle but Londoners carried on as usual.

Buses and trains ran and the main thoroughfares were never completely deserted.

The all-clear sounded in the London area well before midnight. British Wireless states that a London parish church was gutted as a result of being hit by a number of incendiary bombs. The church seats a thousand people.

In an adjacent thoroughfare a heavy bomb destroyed a hotel. A number of houses nearby were wrecked.

## TANGIER TALKS PROCEEDING

MADRID, Dec. 29 (Reuter).—Conversations regarding the situation at Tangier arising out of the recent Spanish actions there now proceeding between the Foreign Minister, Gen. Franco Serrano, and the British Ambassador, Sir Samuel Hoare, are believed to be progressing satisfactorily.

Some points, however, remain to be smoothed out.
